

## **ACCOUNTING (Tertiary /Accredited)**

Accounting builds the knowledge of the accounting system and develops the reasoning, interpretation and communication skills related to the financial information of individuals, businesses and organisations.

*“It (Accounting) gives you insights on how businesses are run, so when you step into a shop you can kind of see how accounting affects each bit of organisation. It also gives you skills that can be applied to other subjects.”* – Alex LUONG, Accounting Student, CLASS of 2014

*“Studying accounting at Narrabundah College was invaluable to getting a head start at uni, as well as equipping me with essential skills for working at an investment bank”* - Apoorv SEHGAL, Accounting Student, CLASS of 2013

### **Two Year Program**

	Session 1 (1 term, 0.5 Unit)	Session 2 (2 terms, 1.0 Unit)	Session 3 (1 term, 0.5 Unit)
